

Product description

Milking Machine Oil

Product description

Milking Machine Oil is made from first-class refined base oils in combination with an additive package that gives the oil extraordinarily good oxidation stability. The oil also has a very good air release and water separating properties.

Milking Machine Oil is recommended for lubrication of vacuum pumps in milking machinery.

Typical test data

Test	Test Methods	Results
Viscosity Grade		68
Shelf life: 60 months from date of filling indicated on the product label		
Viscosity, kinematisc (cSt)		
at mm ² /s v. 40°C	ASTM D445	68
at mm ² /s v. 100°C	ASTM D445	8,37
Viscosity Index	ASTM D2270	111
Flashpoint COC, °C	ASTM D92	250
Pour Point, °C	ASTM D97	-36
Density at 15°C, kg/l	ASTM D4052	0,8649
Product code		l6535

Rev. August 10th, 2021

Always confirm that the product selected is consistent with the original equipment manufacturer's recommendation for the equipment operating conditions and customer's maintenance practices.

The information given in the typical data does not constitute a specification but is an indication based on current production and can be affected by allowable production tolerances. The right to make modifications is reserved. This supersedes all previous editions and information contained in them.

Disclaimer
